

# DOUBLE-PAN DOOR STEEL LOCKERS

WITH VENTILATION, BY GLOBAL INDUSTRIAL™

## Built to last, the new "double-pan" locker series is as sleek as it is strong.

Featuring a double-panel locker door design, which uses a second, interior door panel to increase locker security and durability, these full size 18" D lockers are ideal for schools, breakrooms, gyms, offices, hotels, hospitals and other facilities that require secure storage. (Slope Top and Recessed Base options also available.)

### KEY FEATURES

-  **DOUBLE PAN DOOR**  
(2) 18-gauge steel panels resist bending, twisting, and tampering, enhancing locker strength, security, and safety
-  **OPTIONAL SLOPE TOP & RECESSED BASE**  
Prevents dust, dirt and debris from building-up while providing a more polished look
-  **AVAILABLE ASSEMBLED OR UNASSEMBLED**  
Lower shipping costs with easy-to-assemble, bolted lockers (hardware included); or order assembled lockers, riveted for greater durability

### PRODUCT DETAILS

Material	Steel
Style	Powder Coat Finish
